ASAD NAWAZ

React Intern at Sass

asad786786786nawaz@gmail.com • asad-nawaz-509747248 • Lahore

Summary

I'm a web developer with a strong focus on front-end technologies, especially React and JavaScript. Currently studying Computer Science, I've gained solid experience building responsive, user-friendly web applications and working with APIs. I'm skilled at managing state, handling complex data, and writing clean, efficient code. I'm always looking to learn and improve, keeping up with the latest trends in web development. I'm excited to bring my skills and passion for coding to create meaningful digital solutions..

Key Achievements

Enhanced Load Times
Built a React component that improved load times by 30% for a portal.

Optimized Page Load
Contributed to reducing page load time by 1 second on average using optimized code.

Bug-Free Release
Completed a React project with 0 critical bugs upon release.

Boosted User Engagement
Increased website user engagement by 25% through improved UX design.
